Mr. Shawn Cadieux – President
CMC Plumbing, Heating, and Cooling
4907 Leafdale Boulevard
Royal Oak, MI 48073

Mr. Cadieux,

I wanted to take this opportunity to express my appreciation for your company's quality work installing infrared tube heating at Warren's Twelve Mile Fire Station and Sanitation Building.

As you know, this project was paid for using federal funds. You and your staff effectively worked with the City to meet Energy Efficiency and Conservation Block Grant requirements and State requirements regarding asbestos abatement. I was highly impressed with your professional and capable staff. Your company was willing and able to meet any challenge that arose.

Thanks again for such a job well done. We look forward to working with you again. Please feel free to use me as a reference. My office number is 586-574-4646 and cell phone number is [REDACTED].

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Gambill".

Bill Gambill M.P.A.
City of Warren
Neighborhood Services and Grants Coordinator
